

## Heritage Open Days 8 September - 9 September

1-5pm. Free mill tours, donations welcome.

This is a national celebration of historic buildings and architectural treasures, many of which aren't often open to the public. Our doors will be open free of charge to encourage people to explore the treasures on their doorstep.

## Victorian Harvest Weekend 29 September - 30 September

12noon-5pm. Mill visit £3, free activities.

Celebrate the traditional harvest with butter making, corn dollies, recipes, music, and 'the wonders of the bicycle'. This delightful end to the season captivates all who experience the romance of the mill.

Bring apples from the garden (and bottles) to press your own apple juice
